

Scientific Program - Wednesday 18th April

TIME	EVENT
08.30	Registration in the Veterinary Pathology Centre building
9.00 - 11.00	Presentations
11.00 - 11.15	COFFEE BREAK
11.15 - 13.00	Wetlab
13.00 - 13.30	LUNCH
13.30 - 16.00	Wetlab part 2
16.00 - 16.30	Feedback and Q&A
16.30	END

Nurses Session - Thursday 19th April

BREAKOUT ROOM 1 GROUND FLOOR

Chairs- Mrs Dezita Taylor-Robinson BIARGS Council Nurse Representative, Mr Ian Erridge Practice Development Lead Royal Surrey County Hospital NHS Foundation Trust

TIME	EVENT
09.00 - 09.15	RSCH Team Registration
09.15 - 09.30	Dezita Taylor-Robinson Welcome
09.30 - 09.45	Ian Erridge - RSCH Theatre Operations Manager Guildford Robotic Team - What we are doing
09.45 - 10.15	Staff Nurse Doreen Contreras RSCH Robotic Competence
10.15 - 10.35	Speaker Panel Problem Solving Session Q&A
10.35 - 10.50	COFFEE BREAK
10.50 - 11.20	Dr Pradeep Prabhu - Consultant Anaesthetist RSCH The Challenges of Anaesthetising Robotic Cases
11.20 - 12.30	Dezita Taylor-Robinson The Importance of implementing Human Factors in Robotic Surgery
12.30 - 13.30	LUNCH
13.30 - 14.10	Dezita Taylor-Robinson The use of Simulation in Robotic Surgery
14.10 - 14.30	Nick Brown - Da Vinci Da Vinci Tips and Tricks
14.30 - 15.15	Prue Barry Surgical First Assistant in Robotic Surgery
16.45 - 16.30	Dezita Taylor-Robinson, Elaine Woods, Prue Barry Implementation and Enhancing Innovation -Team Building Exercise
16.30 - 16.45	Dezita Taylor-Robinson Using Social media and forums to Support Robotic Teams and Individuals
16.45 - 17.00	Dezita Taylor-Robinson Close & Feedback

Scientific Program - Thursday 19th April

TIME	EVENT
08:00	REGISTRATION
	Chairs - Mr Simon Butler-Manuel & Mr Anil Tailor
09:00 - 09:15	Paula Head RSCH Chief Executive Welcome & Conference opening
09:15 - 10:00	Simon Butler-Manuel Building robotics into NHS Practice- RSCH Epicentre Model
10:00 - 10:15	Marianne Illsley Guildford Robotics- A Medical Director's Perspective
10:15 - 10:45	Celine Chauleur Evolution of the robotic surgery - Senhance system - Could we do better and cheaper?
10:45 - 11:00	COFFEE BREAK & POSTER VIEWING
	Chairs - Mr Simon Butler Manuel & Mr Nick Elkington
11:00 - 11:45	Arnie Advincula Robotics in Gynecologic Surgery: U.S. Trends & Perspectives Over the Last 5 Years
	ORAL PRESENTATIONS
	James Dillely 1. Visual behaviour in robotic surgery – demonstrating the validity of the simulated environment
	Ryan Sers 2. Objective quantification of a surgeon's kinematics during laparoscopic surgery: Preliminary results
11:45 - 12:30	Thomas Ind 3. The impact of introducing a robotic service on radical hysterectomy for stage 1b carcinoma of the cervix
	Jeneke Kasius 4. Fluorescent Robotic Indocyanine Endoscopic Node Detection (FRIENDS) Study; value of sentinel lymph node dissection in robotic surgery for early stage cervical cancer
	Aemn Ismail 5. Is it the time to offer robotic experience to O&G trainees? A national survey

TIME	EVENT
12:30 - 13:15	LUNCH & POSTER VIEWING
	Chairs - Mr Tony Chalhoub & Ms Marielle Nobbenheimus
13:15 - 13:25	Phil Bradshaw (Intuitive Surgical) da Vinci robotics - today and tomorrow
13:25 - 13:55	Alan Gillespie How to establish a successful robotics program - and how to get paid for it!
13:55 - 14:25	Jonathon Lippiatt "Seal the Deal" - Poole Experience, Vessel Sealer, Tablemotion
14:25 - 14:55	Nahid Gul Role of Robotic assistance in Complex Gynaecological Surgery
14:55 - 15:30	Sponsors Presentations
15:30 - 16:30	BIARGS AGM
16:45	DEPART TO DENBIES
17:30	Chris Sutton Vineyard Tour & Wine tasting followed by Historical Lecture & Dinner

Scientific Program - Friday 20th April

TIME	EVENT
08:00	REGISTRATION
09:00 - 11:00	PANEL- Fuad Hussain, Matt Perry, Jim Khan, Peter Barton-Smith, Simon Butler- Manuel Pelvic MDT Clinical Vignettes *5 – Kavitha Madhuri
11:00 - 11:20	COFFEE BREAK & POSTER VIEWING
	Chairs - Tom Ind & Alan Gillespie
11:20 - 12:05	Mark Slack Pitfalls of Surgical Innovation and the tyranny of evidence based medicine
12:05 - 13:05	Jeremy Twigg & Sarah Kiddell RoboQOL: An Evaluation Of The Impact Of Mode Of Surgery On Patient Centred Outcomes In Gynaecological Cancer
13:05 - 13:45	LUNCH & POSTER VIEWING
	Chairs - Mr Peter Barton Smith & Ms Nahid Gul
	ORAL PRESENTATIONS
	Jennifer Hoh 1. Day Case Robotic Assisted Laparoscopic Hysterectomy: Retrospective Analysis of Safety, Complications and Cost Analysis
	Megan Tetlow 2. Outcomes in patients with normal BMI compared to overweight, obese, and morbidly obese patients undergoing robotic surgery in a gynaecology unit in England
13:45 - 14:25	Darshana Arakkal 3. Co-relation between the ACS and p Possum Calculator to improve patient understanding of the risk of Post-operative Morbidity and Mortality in women undergoing robotic surgery
	Michelle McCarthy 4. A Case Series of Robotic Radical Hysterectomies: Ten years' experience in Cork University Maternity Hospital.
	Kavitha Madhuri 5. 1000 Robots on- The Royal Surrey Experience

TIME	EVENT
14:25 - 14:55	Thomas Ind "Friends, Foes, Facts & Future" - 10 years on from the first robotic hysterectomy in the UK
14:55 - 15:05	Vaselis Makris Video Presentation Robot assisted adhesiolysis, hysterectomy, BSO, and pelvic cyst excision
	Chairs - Mr Simon Butler-Manuel & Mr Matt Hewitt
15:05 - 15:35	Mini Saaj Teleoperable and Sensorised Flexible Robotic Uterine Elevator
	TIPS FROM MASTERS
	Nahid Gul Tips & Tricks for Robotics surgery in the obese
15:35 - 16:02	Marielle Nobbenheimus Robotic para-aortic lymph node dissection
	Peter Barton- Smith Endometriosis & Pelvic Nerves
	Nick Elkington Robotic excision of bladder nodule
16:02 - 16:15	TEA BREAK & POSTER VIEWING
16:15 - 16:30	Imran Hamzawala Robotics in Mumbai- A former trainees perspective
16:30 - 17:00	Simon Butler-Manuel Prof John Shepherd prize for best oral presentation Prof. Jeremy Wright prize for best poster presentation
	End of Meeting
