

BIARGS

British & Irish Association of
Robotic Gynaecological Surgeons

BIARGS Educational Meeting
26TH June 2023
RCOG, 10-18 Union Street, London, SE1 1GH UK
Programme

0800-0845	Registration & Networking	Ground floor main reception, front entrance RCOG, 10-18 Union St. London	Reception & 3rd floor
0845-0900	Welcome & Introduction	Conference Room 3rd Floor, RCOG	Marielle Nobbenhuis, Nahid Gul
Session 1:	Teaching and Training	Facilitators: Marielle Nobbenhuis, Uzma Mohmood	
09:00 - 09:20	How to set up a robotic training centre? What are the requirements?	Nick Elkington	Consultant Gynaecologist Frimley Park Hospital, Surrey
09:20 - 09:40	Advantages of fellowship programme in Gynaecology robotic surgery	Marielle Nobbenhuis	Consultant Gynaecologist, Royal Marsden Hospital, London
09:40 - 10:00	RCOG: BIARGS SIMT Gynaecology Robotic Curriculum: Guide to trainees and trainers	Alec McEwan	Consultant Gynaecologist Queen's Medical Centre, Nottingham
10:00 - 10:20	BIARGS Surgeon accreditation and certification, how should we train surgeons of tomorrow?	Nahid Gul	Consultant Pelvic Surgeon Northwest
10:20 - 10:50	Diamond sponsor's session: Safe introduction of a robotics system-Versius	Mark Slack	Chief Medical Officer CMR Surgical
10:50 - 11:00	Q & A		
11:00 - 11:20	Tea & Coffee	Sponsors visit	
Session 2:	Sharing and learning	Facilitators: Raza Amer & Zeiad El-Gizawy	
11:20 - 11:40	How to implement robotic programme in Scotland and lessons learned	Kevin Burton	Gynae oncologist, Glasgow Royal Infirmary, Glasgow, Scotland
11:40 - 12:00	How to implement robotic programme in England and lessons learned	Jeffrey Ahmed	Consultant Gynaecologist, Chelsea & Westminster Hospital, London, England
12:00 - 12:20	How to implement robotic programme in Wales and lessons learned	Richard Peevor	Consultant Gynae oncologist, Betsy Cadwalader Health Board, Bangor, Wales
12:20 - 12:40	How to implement robotic programme in Ireland and lessons learned	Uzma Mohammad	Consultant Gynaecologist University Hospital Group, Limerick, Ireland
Selected Abstract presentations			
12:40 - 12:50	Case Series: Outcomes of Robotic Assisted Gynaecological Surgery in a formerly robot-naive centre	Emad Nasr	Milton Keynes University Hospital
12:50 - 13:00	Implementation of the CMR Versius Surgical System in the South East Wales Gynaecological Oncology Centre	Gemma Owens	University Hospital of Wales, Cardiff
13:00 - 13:10	Versius Robot: a district general perspective	H Nicks	Surrey and Sussex NHS Trust
13:10 - 13:20	Q&A		

BIARGS

British & Irish Association of
Robotic Gynaecological Surgeons

BIARGS Educational Meeting
26TH June 2023
RCOG, 10-18 Union Street, London, SE1 1GH UK
Programme

13:20 - 14:00	Lunch/ Sponsors visit		
Session 3:	Updates	Facilitators: Nahid Gul, Nick Elkington	
14:00 - 14:30	In pursuit of Patient-Centred innovation: The role of professional organizations	Ranee Thakar	President RCOG Consultant Urogynaecologist, Croydon University Hospital, London
14:30 - 14:50	Robotic assisted excision of thoracic and diaphragmatic endometriosis	Peter Barton-Smith	Consultant Gynaecological robotic surgeon, Princess Grace Hospital London
14:50 - 15:10	Robotic assistance in teaching "Excision of deep endometriotic nodules of sacral nerve" in 10 steps	Horace Roman	Professor in Endometriosis surgery. Bordeaux, France
15:10 - 15:20	Q&A Discussion		
15:20 - 15:30	Tea/Coffee	Sponsors visit	
Session 4:	Issues which matter	Facilitators: Amer Raza and Sujata Gupta	
15:30 - 15:45	How to achieve efficiency in robotic theatre	Manou Manpreet Kaur	Consultant Gynaecological Surgeon, Chelsea & Westminster Hospital, London
15:45 - 16:00	Staff experience & understanding the role of the scrub nurse during robotic surgery	Marie Taniacao	Theatre Nurse, Royal Marsden Hospital, London
16:00 - 16:15	How to train and implement robotic surgery in independent sector and overcome challenges of coding	Denis Tsepov	Consultant Gynaecological Surgeon, HCA London
16:15 - 16:20	Silver sponsor talk, Cooper surgical	TBC	
16:20- 16:30	Q &A		
Session 5:	Opinions	Facilitators: Nahid Gul, Marielle Nobbenhuis	
16:30 - 17:10	Debate: Gynaecology Robotic surgery should be taught at consultant level	For: Zeiad El-Gizawy Consultant Gynaecologist UHNM, Stoke on Trent	Against Tom Coia Specialist Registrar Gynaecology UHNM, Stoke on Trent
Selected abstract presentations			
17:10 - 17:20	The influence of proficiency-based progression training on peri-operative and survival outcomes in robot-assisted laparoscopic surgery for endometrial cancer: an observational cohort study	Ariane Sickinghe	The Royal Marsden Hospital/Utrecht University
17:20 - 17:30	Robotic assisted myomectomy for a 28-week size fibroid uterus	Mickey Buckingham	St George's Hospital
17:30 - 17:45	Q&A Discussion, Meeting Close
