

BIARGS
British & Irish Association of
Robotic Gynaecological Surgeons

BIARGS/ CMR Versus Gynaecology robotic course 15TH July 2024

Venue: CMR Cambridge

Course directors: Miss Nahid Gul & Gareth Rhind

Time	Topic	Location	Faculty	Notes
08:30	Registration	Seminar room	CMR Admin	Delegates and faculty change to theatre clothes after registration
09:00	Welcome briefing & introductions	Seminar room	Gareth Rhind CMR Team	Introduce faculty, explain format of course, discuss delegates learning needs
09:10	System information and instrumentation	Seminar room	CMR team	
09:30	Assisting in robotic theatre, ports placement, port training and undocking	Seminar room	CMR team	
	Pelvic anatomy, dissection tips, robotic curriculum	Seminar room	Nahid Gul	
09:50	Q &A, Move to Lab			
10:00 to 11:00	Practical Session 1: Set-up, port training, console basic manipulation and change of instruments	Robotics lab	All faculty	Delegates work in groups of 4, rotating through the following roles. Surgeon console simulation/observer Surgeon console practice Bed side assistance Observer/ VT trainer
11:00 to 1200	Practical Session 2: Dissection task 1: Discussion regarding opening the pelvic side wall and identifying the structures,	Robotics lab	All faculty	Delegates work in groups of 4, rotating through the following roles. Surgeon console simulation Surgeon console practice Bed side assistance Observer/VT trainer

BIARGS/ CMR Versus Gynaecology robotic course 15TH July 2024

Venue: CMR Cambridge

	ureterolysis . Undertaking adnexectomy			
12:00-1300	Lunch	Seminar room		Informal discussion with expert faculty, faulty videos
13:00 to 1430	Practical Session 3: Dissection task 2: specimen /colpotomy/hysterectomy	Robotics lab	All faculty	Delegates work in groups of 4, rotating through the following roles. Surgeon console simulation/observer Surgeon console practice Bed side assistance Observer/ VT trainer
14:30 to 1500	Coffee	Seminar room		
15:00 to 1600	Practical Session 4: robotic assisted suturing	Robotics lab	All faculty	Delegates work in groups of 4, rotating through the following roles Surgeon console simulation/observer Surgeon console practice Bed side assistance Observer/ VT trainer
16:00 to 1630	Discussion, faculty videos, feedback, debriefing and close	Seminar room	All faculty
